THE WAY FORWARD: OTHER ESMO GUIDELINES TO ADAPT IN 2019
PERSPECTIVES AND CHALLENGES

George Pentheroudakis, MD, PhD
Chair, ESMO Guidelines Committee
SCOPE OF PAN ASIAN ADAPTATION

• To help Asian Oncologists in their practice with a focus on Asian ethnicity particularities (as well as Asian patient care worldwide)

• To achieve a more standardized and harmonized approach within and across Asian countries

• To provide a joint reference document to help drug registration and favor Evidence-based Medicine
ACHIEVEMENTS

- Metastatic colorectal cancer 2017 (hosted by JSMO)
- Metastatic Oesophageal and Gastric Cancer 2018 (hosted by JSMO)
- Metastatic NSCLC 2018 (hosted by CSCO-CTONG)

FUTURE PLANS

- Hepatocellular Carcinoma 2019 (Taiwan, TOS)
- Early Breast Cancer 2019 (KSMO)
- Locally Advanced Stage III NSCLC 2019 (KSMO)
  - Prostate (SSO) 2020
  - Advanced Breast Cancer (KSMO) 2020
  - Early colon cancer (JSMO) 2020
PANEL DISCUSSION

• How do you evaluate the project and its added value for Asian Oncology?

• Which are potential new topics and other avenues to explore?

• Which are the main challenges so far?

❖ ESMO
❖ JSMO
❖ KACO
❖ CSCO
❖ TOS
❖ SSO
❖ MOS
