ESMO Clinical Practice Guidelines session

Introduction
Sunday 10th September 2017
ESMO 2017, Madrid, Spain

George Pentheroudakis
What are Clinical Practice Guidelines?

Systematically developed evidence-based statements aiming:

1. To assist practitioners in appropriate clinical decision-making (best clinical practice)
2. To improve quality of healthcare and outcomes for patients
3. To influence national policies for efficient allocation of resources and for better delivery systems
ESMO Clinical Practice Guidelines

- Evidence-based guidelines
- The standard for best practice
- Available on the ESMO website and on OncologyPro website
- Published in Annals of Oncology

Number of ESMO Clinical Practice Guidelines
ESMO Consensus Guidelines

- Guidelines derived from Consensus Conferences (1 or 2 day meeting)
- Pre-selected controversial questions addressed by multidisciplinary experts on specific tumour types
- 1-2 day meeting
- Funded by ESMO or other professional networks
- Published in Annals of Oncology

Number of ESMO Consensus Guidelines
