

Welcome to IMPAKT 2014!

**Martine Piccart-Gebhart, MD,
PhD**

IMPAKT Co-founder

507 participants from **54** countries

A world map with a light blue background. Overlaid on the map are six green rectangular boxes, each containing text representing a region and the number of participants from that region. The regions and their participant counts are: North America (73), South America (3), Europe & Middle East (384), Africa (2), Asia (35), and Australasia (10). The boxes are positioned over their respective geographical areas.

North America
73

**Europe &
Middle East**
384

Asia
35

South America
3

Africa
2

Australasia
10

**IMPAKT is designed to advance the
translation
of cutting-edge research discoveries into the
clinical setting**

**to bring breast cancer patients the high level
of treatment and care they deserve**

Main Topics

- Patient-derived xenografts
- **Liquid biopsy**
- **Nanotechnology approaches: Treatment and diagnosis of breast cancer**
- **Pathways for drug discovery and development**
- **NUMB3RS and mathematical modeling**
- **Metastatic dormancy: investigating early dissemination and tumour cell quiescence**

Thank you

- To all collaborating societies and staff
- Recognition of 87 young oncologists participating in the pre-IMPAKT training course
- Congratulations to all award recipients
